## Final Honeymoon Mindset

The objective is not to execute the itinerary perfectly.

The objective is to enjoy the honeymoon.

If a bus is missed:

Take the next one.

If it rains:

Find a café.

If you're tired:

Sleep in.

If you find somewhere beautiful:

Stay longer.

The memories will matter far more than the schedule.

The itinerary exists to support the honeymoon.

The honeymoon does not exist to serve the itinerary.
